院內選修實習學分說明

Notes on Taking Internship Course Credits

1. 國際學院院內開設兩門實習課程：「Internship Program Course (3學分：由IBA在上學期開課)」以及「Sustainability Internship Course (3學分：由SSM在下學期開課)」。此兩門課程開放國際學院各學程所有學生選修，並可計入學生所屬學程之系內畢業學分(請向系辦確認手續)。

Both “Internship Program Course (3 credits : provided by IBA in fall semester)” and “Sustainability Internship Course (3 credits : provided by SSM in spring semester)” are open to students in all programs at International College. Both courses are approved as graduation credits for the student's program/department. (Please confirm the procedures with the department office.)

2. 要選修實習課以取得實習學分，學生必須在截止日期前將合約及相關文件提交至辦公室。繳交期間請參考下方「國際學院實習網站」連結(見下方連結)。

To earn internship credits by enrolling in the internship course, students must submit contracts and relevant documents to the office before the deadline. Please refer to the link provided below for the submission period (see link below).

Global Sustainable Development Goals Internship Program

Objective:

The Global Sustainable Development Goals (SDGs) Internship Program focuses on advancing knowledge and expertise in the areas of SDGs 3 (Good Health and Well-being), 6 (Clean Water and Sanitation), and 12 (Responsible Consumption and Production). The program aims to contribute to sustainable development by researching and ensuring compliance with certification requirements for Global Water Solutions (GWS) products in various international markets. Interns will play a crucial role in understanding and navigating regulatory landscapes, thereby assisting in the development of market entry strategies for GWS products.

Key Responsibilities:

1. Research Certification and Compliance Requirements:
 - Conduct in-depth research on certification and compliance requirements for GWS products in global markets related to SDGs 3, 6, and 12.
 - Analyze and compile data on all applicable standards, regulations, certifications, and compliance requirements as they relate to drinking water and related products.
2. Regulatory Updates and "Right to Operate" Analysis:
 - Stay abreast of global regulatory updates and changes related to drinking water and related products ensuring that GWS products comply with the latest standards.
 - Evaluate the impact of regulatory changes on the "right to operate" of GWS products in target markets.
3. Market Study and Entry Strategy:
 - Collaborate with cross-functional teams to understand market dynamics and identify opportunities for GWS products aligned with SDGs.
 - Assist in the development of market entry strategies by providing insights into certification requirements and compliance data.
4. Documentation and Reporting:
 - Create comprehensive documentation of certification and compliance requirements for each target market.
 - Generate reports summarizing regulatory updates, potential market barriers, and strategic recommendations.

Benefits for Interns:

1. Professional Skill Development:

- Gain hands-on experience in navigating complex regulatory environments.
- Enhance skills in market research, business development, and market entry strategy formulation.
- Develop expertise in researching and understanding the market demands and trends for sustainable products.
- Hone research and analysis skills through comprehensive studies on certification and compliance frameworks.

2. Networking Opportunities:

- Engage with professionals in sustainability, health, and business development sectors.
- Establish valuable connections with industry experts and peers.

3. Contribution to Sustainable Development:

- Contribute to the advancement of SDGs by ensuring GWS products adhere to global health, water, and sustainability standards.

The Global Sustainable Development Goals Internship Program provides a unique opportunity for interns to make a meaningful impact on sustainable business practices while acquiring valuable skills for a successful career in the field.
